

FABRIC CUTTING AND LAYING MACHINE

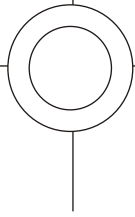

HSTC-SW-300L

HSTC-SW-300/L

The HSTC-SW-300L model is suitable for use as an automatic label centre fold machine specially for printed labels. It is installed with a high performance color differentiating electronic eye. Which has expected advantages for printed label cutting & folding (besides the model can be installed with hot and cold cutters after adjusting and this model counts for more than 50% of those used in the market of label cutting and folding machines).

The most distinctive feature: Adjustment of the label design doesn't need to replace the mold. It is easy & convenient to operate.
