

## Fully Automatic 1 To 8 Color Silk Screen Trademark Printing

HSTC-MEDIA 30/40

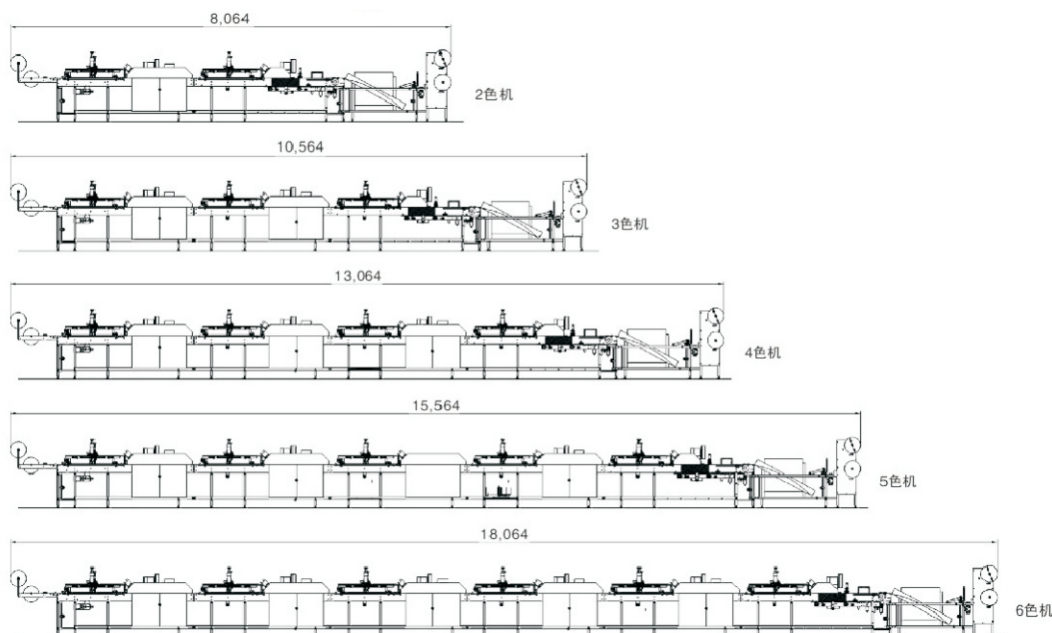

Fully Automatic One - Eight Color Silk Screen Trademark Printing Machine Series  
For thick ink, sharp solid and discrete effects, dark color on the images, screen printing is the ideal solution. Taiho (Japan) brand machines are very clear in all job steps, with some optional attachments (Screen Elastic Band Rewinder, Double Side Printing Device, Heat Transfer Paper Ink Dryer) - complete and economical printing could be done. All the major components such as air pump, electrical and mechanical parts are imported from Japan and Europe which improve the printing ability and the accuracy of color registration. The features of the this series machines are:

1. User friendly, high accuracy of color registration
2. Able to print multiple tapes simultaneously to improve production
3. Able to print on dark color material tapes with sharp, solid and discrete effects on the images
4. Strong concealment effect and color fastness
